Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 49-64 and 67-68 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Liston et al., Harris et al., Babson et al. or Chan et al.

See the appropriate paragraph of the 3/17/05.

Claims 49-64 and 67-68 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Balch et al.

See the appropriate paragraph of the 3/17/05.

Allowable Subject Matter

Claims 65-66 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The following is a statement of reasons for the indication of allowable subject matter: The cited prior art fails to teach or anticipated a biological sample archival system that uses mechanical or laser cutting means to remove a sample.

Response to Arguments

Applicant's arguments filed 7/20/05 have been fully considered but they are not persuasive.

Applicants' state the cited prior art fails to teach sample storage and to provide the sample in a dry state. The instant claims are silent to any specific time period and only teach sample placement at a predetermined location which is met by the cited prior

Art Unit: 1743

art. With respect to the argued "dry state" of the sample, it is noted the claims and original specification do not teach use of a "dry" sample making these remarks not commensurate in scope with the pending claims or specification.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
